ADD-ON TO PICK GAMES!

HOW IT WORKS:

The optional Wild Ball add-on gives you more chances to win. Wild Ball is available with any **PICK 2**, **PICK 3**, **PICK 4** or **PICK 5** ticket. At every Day and Evening drawing, a one-digit Wild Ball number will be drawn that applies to all four PICK games for that drawing.

If the Wild Ball option is selected when a ticket is purchased, **the Wild Ball number can replace one of the drawn numbers** to help create a winning combination for your play.

The numbers on your ticket do not change. You must match the numbers on your ticket to one of the new winning combinations created by Wild Ball.

Wild Ball payouts differ from base game play. Wild Ball doubles the cost of any play type. Visit palottery.com/WildBall to learn more.

Cash4Life is a multi-state lottery game. Listed set prize amounts are based on the expected number of winning plays sharing in the prize pool. As the published Pennsylvania Lottery Cash4Life Rules and Regulations explain, in some cases, these prizes may be paid on a pari-mutuel basis and amounts will be lower. Top Prize-winning plays for a specific draw will receive an equal share of the Top Prize. Top Prize and second level prize winners have 60 days after claiming that prize to choose how to be paid. In most cases, the Top Prize and second level prizes can be paid as an annuity or as a one-time, cash prize. The cash prize value is specified in the published Rules and Regulations and is subject to change. The second through ninth prize levels may be reduced if liability caps are exceeded. By purchasing a Cash4Life ticket, the purchaser agrees to abide by published Rules and Regulations. In the event of a discrepancy, the published Rules and Regulations shall prevail.

Mega Millions is a multi-state lottery game. The set prize amounts listed here are based on the expected number of winning plays sharing in the prize pool. In some cases, these prizes may be paid on a pari-mutuel basis and will be lower than these published prize levels. Refer to the official game rules for a detailed explanation of the pari-mutuel payment. The jackpot prize will be divided equally among all winning plays which correctly match five white balls plus the gold Mega Ball that is drawn.
