

PA LOTTERY VOUCHER

Quick Reference Guide

INTRODUCTION TO VOUCHERS

What is a Voucher?

A Pennsylvania Lottery voucher is a receipt for any remaining dollar credits available on PlayCentral-type self-service terminals.

Players may use vouchers to make future game purchases or redeem them for cash at any Pennsylvania Lottery retailer.

Vouchers are bearer documents and do not expire. The Pennsylvania Lottery is not responsible for lost or stolen vouchers.

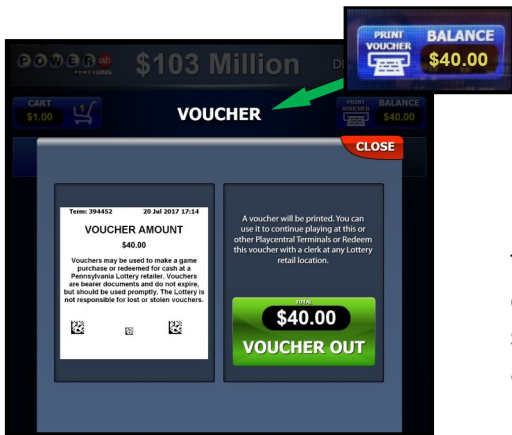

Sample Voucher

How Do Players Get Vouchers?

Players may print a voucher for any remaining dollar credits by touching the **[PRINT VOUCHER]** icon at the top-right of the screen.

The player will be prompted to confirm printing by selecting **[VOUCHER OUT]** on the next screen. Once confirmed, the voucher will print. For detailed step-by-step instructions, please review the terminal's operations guide available on www.palottery.com.

How Do Players Redeem Vouchers?

Players may redeem vouchers for cash by visiting a clerk at the WAVE 8 terminal (see below section for more information).

Players may also use vouchers to make additional game purchases at any PlayCentral-type self-service terminal.

- Players may either insert the voucher into the document scanner (face-up, like a playslip) or scan the voucher's barcode with the terminal's barcode reader.
- If the voucher is valid, the terminal will credit the balance for the amount shown on the voucher.

REDEMPTION ON THE WAVE 8 TERMINAL

How to Cash a Voucher on the WAVE 8 Terminal:

1. Touch the **[CASH/REPLAY]** tab.
2. Touch **[VOUCHER CASH]**.
3. Scan the voucher with the BCR or insert the voucher into the document scanner.
4. The terminal prints a Pay Receipt. Pay the player the amount shown.

NOTE: Vouchers cannot be entered manually for validation. If a voucher's barcode will not scan, it must be submitted to the Lottery using a Claim Form in order for the player to receive payment.
